

# *Sixties N. H. S.* *Class Reunion*

Hola Amigos,

We think it's about time we meet again. How about a multi-class reunion? A combined reunion for the 1960's N.H.S. classes. It would be great to have you come together in Nogales. Dos pasos adelante y un paso para atras, pero todavia estamos listos para comer, bailar, gozar y rezongar. So we are counting on all of our classmates to come and enjoy these festivities.

We need your help to contact anyone from your class or other classes that you may be touch with and provide us with their contact information. You may also share this announcement with them and let them apply to attend on their own. However, if you have e-mail addresses, phone numbers or a residential address for some of our classmates, please share this information with us. We also would like to get a recommendation for one person from each class to serve as a contact person for their class.

We would like to try and create a "Memorial" page to remember our classmates that have moved on to another heavenly world. We would appreciate any information you may have about your classmates. (Please be very careful when listing names in this section.)
